SIIV **SUMMER SCHOOL SIIV 2012 - ROAD SAFETY MANAGEMENT**
 Theoretical principles and practical application in the framework of the European Directive 2008/96/CE
 Catania 24-28 September 2012

The screenshot shows a Mozilla Firefox browser window displaying a video player. The video player is split into two main views: a satellite map on the left and a first-person road view on the right. Below these views is a data visualization area with a line graph showing speed (blue line) and altitude (cyan line) over time. The speed scale ranges from 0KPH to 80KPH, and the altitude scale ranges from 120M to 150M. The video player includes a progress bar and a play button.

59

SIIV **SUMMER SCHOOL SIIV 2012 - ROAD SAFETY MANAGEMENT**
 Theoretical principles and practical application in the framework of the European Directive 2008/96/CE
 Catania 24-28 September 2012

This screenshot is similar to the one above, showing the same video player interface. The road view on the right shows a different section of the road, with more trees and a clear sky. The data visualization area at the bottom shows the speed and altitude data for this specific segment of the road.
